

THE HUB

The Hub has enhanced processing and memory to ensure that ample data can be stored and quickly deciphered in the event of an accident or emergency.

DIMENSIONS:

4 x 4 x 1.1 inches

POWER & NETWORK:

With an optional battery backup, your Hub works even in cases of power loss. Comes with a 9V power adapter + battery backup. The Hub can connect via 2.4Ghz Wi-Fi, cellular connection, or ethernet.

INSTALLATION & NETWORK:

The Hub can be mounted or simply placed on any flat surface. Check out our installation guide here for more information.

DOOR DETECTORS

The Door Detector can monitor activities like opening doors and leaving the house to give insights into the care recipient's wellbeing. The detectors trigger a signal when parted from the magnet, notifying the user when a room is entered.

DIMENSIONS:

76 x 26 x 17 mm (sensor) 30 x 12 x 9 mm (magnetic connector) 2x AAA batteries. Battery life when reporting every 2 minutes = 6 years if the entry sensor does not have vibration sensors 3 years if the sensor has a vibration sensor.

INSTALLATION & SETUP:

The Door Detector is easily installed on any door and can fit many different styles of molding. Check out our installation guide here for best practices.

MOTION SENSORS

The Motion Sensors are a compact solution for detecting occupancy and temperature. They are even pet immune, so don't worry about Spike setting off any alerts!

DIMENSIONS:

70 x 70 x 37 mm 2x AAA batteries. 3 year battery life if reporting every 2 minutes

INSTALLATION & SETUP:

The provided mounting screws can be used to mount the Motion Sensor in the corner or flat on the wall or ceiling. Alternatively, you can use the included stand to place the Motion Sensor on any flat surface. If you opt to place sensors on a stand, they should not be moved other than for brief periods of time (i.e. for cleaning beneath). Check out our installation guide here for best practices.

DON'T PANIC BUTTON

Quil's Don't Panic Button is compact and can be worn with the included lanyard. It is also water-resistant (protected against water sprays, but cannot be submerged).

DIMENSIONS:

1.57 x 2.09 x 0.43 inches

POWER & NETWORK:

The Don't Panic Button comes with a CR2450 (coin cell) and has up to 3 years of battery life. Installation & Setup: Check out our installation guide here for initial set-up.
